F.....Am.....

You said you loved to watch me sleep

F.....Am.....

You put your head down on my chest

.....G.....

To hear my breath

[Am and A6]

F.....Am.....

Go on, take my last breath from me

F.....Am.....

I don't want to live no more

F.....C.....G.....

And cut my eyes so I can't see

F.....Am.....G.....

I can't see you looking back as you walk out the door

**Chorus:**

.....F.....

Cold, hard heart

.....C.....

Cold, cruel heart

.....G.....

What's it gonna take

F.....Am.....

To break your cold, hard heart

[Am and A6]

F.....Am.....

I was a lover lost at sea

F.....Am.....

You found me washed up on the beach

F.....C.....G.....

You took me home, you gave me breakfast

F.....Am.....G.....

I said I'd offer you protection, but you didn't charge a fee

**Chorus:**

.....F.....

Cold, hard heart

.....C.....

Cold, cruel heart

.....G.....

What's it gonna take

F.....Am.....

To break your cold, hard heart

.....F.....

Cold, cold heart

.....Am.....

Cold, cruel heart

.....G.....

What's it gonna take

F.....Am.....

To break your cold, hard heart

**[C, G, F]**

Dm.....F.....C.....

What are you hiding underneath that shirt

Dm.....F.....

If you're the one to run babe

.....G.....

Then you don't feel the hurt

F.....Am.....

Her hair so brown, and eyes so green

F.....Am.....

You used to say I made good company

F.....C.....G.....

She'd bring me wine and sip her tea

F.....Am.....G.....

Then you'd give yourself what you could give to me

**Chorus:**

.....F.....

Cold, hard heart

.....C.....

Cold, cruel heart

.....G.....

What's it gonna take

F.....Am.....

To break your cold, hard heart

.....F.....

Cold, cold heart

.....Am.....

Cold, cruel heart

.....G.....

What's it gonna take

F.....Am.....

To break your cold, hard heart

.....G.....F.....

What's it gonna take

**End on [Am and A6]**
